High Tech & High Growth Companies

Baker & Daniels has been providing legal and business counsel to technology and high growth businesses of all types for more than 140 years.

Our attorneys have guided numerous clients through early stages of development and growth to eventually become large, successful businesses.

Our services to high-tech and high-growth companies include:

- Raising Capital
- Business structuring
- Equity and debt structuring
- Tax advice
- Labor and employment services
- Employee benefit advice and services
- Identifying and negotiating strategic alliances and joint ventures
- Protecting intellectual property assets
- Counsel on corporate governance issues
- Counsel on compensation and incentives issues
- Identifying government incentive programs and resources
- Acquisition, sale, merger and buyout services
- Succession planning
